20" Automatic Scrubber

Perfect for cleaning small or obstructed areas, the Crewman AS20B offers effective scrubbing with a dual brush design. Extremely quiet, this machine is ideal for use in the education, retail and healthcare markets.

Applications

- General cleaning

Features

- Dual counter rotating brushes provide superior scrubbing performance.
- Compact size allows a high level of maneuverability in small or congested areas.
- Weighted squeegee system delivers maximum water recovery.
- Low 65 dB noise level, ideal for use in occupied spaces.

Warranty

Tank: 10 Year

All other components: 3 Year*

*Please refer to Betco Equipment Price List for complete equipment warranty information.
