Ron,

Yes that will be fine and thank you.

Best Regards,

Dan Spapperi

Dan,

The end of 1720 production using Signet chargers is fast approaching.
Please see attached. I would like to apply this label to all machines cartons, identifying them as machines with new IEB chargers when we start.
The red or green dot decals are too hard to see, as experienced with Trojan battery change. Is this ok with you?

thanks

Ron
