RE: 740209 - Brush Motor for Automatic Scrubbers

Minuteman is now offering the parts necessary to rebuild a worn gear case assembly for the 740209 Motor. This gear assembly is used on all 170, 200 and 260 Series Scrubbers. The availability of these parts will allow for assembly repair rather than a complete motor replacement, reducing unit repair costs on older units.

Please copy and insert parts list into all of your 170, 200 and 260 manuals for future reference.
