Additive Product Guide

**PowerBoss®**  
The Power of Clean

- ➔ **Powerful Cleaning Additives to Maximize Scrubber Performance**
- ➔ **Simple Single Use and Precise Super Concentrated Proportioned Containers**
- ➔ **Ideal Formulation for PowerBoss Industrial Scrubbers**

# CLEANING ENHANCEMENTS

Chemical Additives

## PowerGreen

Super Concentrated  
All Purpose Cleaner and Degreaser

**PowerGreen** is formulated to provide powerful degreasing and still be safe for the user and the environment.

PowerGreen is a pH neutral cleaning and degreasing additive. This unique blend of biodegradable surfactants and environmentally safe solvents penetrates dirt, grease and grime and holds them into suspension until removed with an automatic scrubber.

## PowerClean

Super Concentrated  
Heavy Duty Degreaser

**PowerClean** is a super concentrated heavy-duty degreaser, for severe oil rich environments.

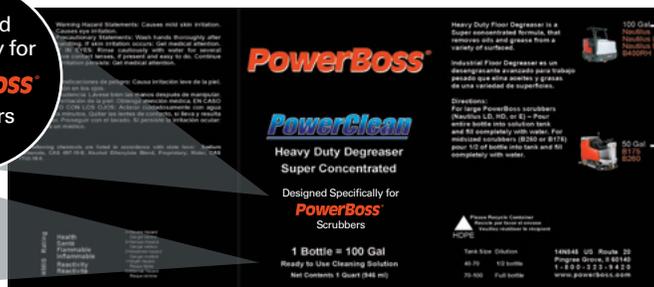

PowerClean is the ideal heavy-duty degreaser. It removes oils and grease from a variety of surfaces. PowerClean is non-corrosive and will not harm sensitive metals like aluminum, brass, or alloy wheels.

### Bottle Labels with "Pour Marks"

Each label is intuitive and provides a pictorial measurement guide so you know how much cleaning solution is needed for each scrubber, among other important helpful information.

**1 Bottle = 100 Gal**  
Ready to Use Cleaning Solution  
(Net Contents 1 Quart (946 ml))

Designed Specifically for  
**PowerBoss®**  
Scrubbers

**100 Gal**  
Nautilus LD  
Nautilus E  
B400RH

**50 Gal**  
B175  
B260

# CLEANING ENHANCEMENTS

## Chemical Additives

**PowerSauce** is a solvent-based cleaner that removes stubborn materials that other cleaners cannot.

PowerSauce utilizes a unique solvent blend that is safer and a more effective alternative to D-Limonene. Use PowerSauce to clean concrete, metal and other solvent resistant surfaces and objects.

PowerSauce is especially effective against: **Tar, Asphalt, Adhesives, Cut-Back Adhesive, Oil, Grease, Chewing Gum, and Rubber Tire Marks.**

**Blazn** is an ultra-concentrated heavy-duty degreaser formulated to compliment Thermal Green Technology (TGT).

Blazn is a special chemical additive for TGT scrubbers where solution temperatures can reach up to 180 degrees. It provides excellent cleaning results in heavy oil and grease environments.

### PowerGreen, PowerClean, Blazn

1-quart mixed with up to 100 gallons of water provides a powerful additive to enhance the cleaning and performance of the following machines: **Nautilus LD, HD, E and B400.**

#### Coverage and Usage

- 1-Quart = 100 gallons of cleaning chemical  
(coverage = 150,000 ft<sup>2</sup>)
- 1-Case = 12 quarts, 1,200 gallons of cleaning chemical  
(coverage = 1,800,000 ft<sup>2</sup>)
- 1-Skid = 44 cases, 528 quarts, 52,800 gallons of cleaning chemical  
(coverage = 72,200,000 ft<sup>2</sup>)

#### PowerSauce

Pre-Spray and double scrub to remove tire marks, tar, gum and adhesives.

Product	Diluted Cost Per Gallon	
PowerGreen	\$0.19	
PowerClean	\$0.21	
Blazn	\$0.21	
Bad Alternatives	Pine Cleaner	\$0.48
	Dish Soap w/Vinegar	\$0.48
	Purple Floor Cleaner	\$0.40
	Liquid Laundry Detergent w/Vinegar	\$0.51
	Professional Vinegar	\$0.28

## Product Details

Product	Description	Case (12 Bottles)	Skid (44 Cases)
PowerGreen	Neutral Degreaser	953718PL	953714PL
PowerClean	Super Strength Degreaser	953748PL	953744PL
PowerSauce	Tire Mark Remover	953798PL	953794PL
Blazn	TGT Additive Degreaser	953778PL	953774PL

### PowerGreen

Product Details	Properties
Appearance	Hazy Green, Citrus/Floral Scent
PH	7-8 (Neutral)
Flashpoint	None
Dilution	1 Quart + Up to 100 Gallons of Water (1:400 Ratio)
Recommended Surfaces	Concrete, Polished Concrete, Epoxy and Urethane Concrete, Vinyl, Laminate, Natural Stone and Rubber Flooring
Foamability	Low-Moderate
Hardwater Tolerance	Excellent
Detergency	Excellent
Biodegradable	Yes
Phosphate-Free	Yes
VOC	Meets CAL's Strict VOC Limits. Less Than 1% VOC When Diluted According to Directions
Storage Stability	Excellent 1 Yr. Under Normal Conditions
Freeze - Thaw Stability	Will Freeze - Usable After Thawing

### PowerClean

Product Details	Properties
Appearance	Hazy Blue/ Mild Aroma
PH	10.4-11.4
Specific Gravity	1.037
Flashpoint	None
Dilution	1 Quart + Up to 100 Gallons of Water (1:400 Ratio)
Recommended Surfaces	Concrete, Polished Concrete, Epoxy and Urethane Coated Concrete
Foamability	Low-Moderate
Hardwater Tolerance	Good
Detergency	Excellent
Biodegradable	Yes
Phosphate-Free	Yes
Storage Stability	Excellent 1 Yr. Under Normal Conditions
Freeze - Thaw Stability	Will freeze - Usable After Thawing

### PowerSauce

Product Details	Properties
Appearance	Amber Liquid, Citrus Odor
Specific Gravity	0.89
Flashpoint	>120F
Viscosity	Low
Dilution	Pre-Treat Spray Directly on Surface and Double Scrub for Best Results.
Recommended Surfaces	Concrete, Polished Concrete, Epoxy, and Urethane Coated Concrete
Solvency	Excellent
Rinse Ability	Very good
Phosphate Builders	None
Chlorinated Solvents	None
Petroleum Distillates	None
Storage Stability	Store Between 45°F and 100°F
Freeze - Thaw Stability	Freezes Below 20F. If Chilled or Frozen, Thaw and Inspect for Damage

### Blazn

Product Details	Properties
Appearance	Orange Liquid, Mild Aroma
PH	10.4 -11.4
Specific Gravity	1.037
Flashpoint	Non-Flammable
Dilution	1 Quart + Up to 100 Gallons of Water (1:400 Ratio)
Recommended Surfaces	Concrete and Cement Urethane
Foamability	Excellent
Hard Water Tolerance	Low/Moderate
Detergency	Good
Phosphate-Free	Very Good
Biodegradability	Yes
Storage Stability	Excellent
Freeze - Thaw Stability	Excellent 1 Yr. Under Normal Conditions
