New Toolbox with Hako Logo

Tanos Systainer I, Hako Spare Part Number 03502290

Tanos Systainer II, Hako Spare Part Number 03502300

Dear Business Partners,

We are now able to offer you two different toolboxes, each with the Hako logo. The toolboxes can be stacked and linked to each other by means of a locking system (T-Loc catch). The linked toolboxes can be carried using a handle and provide a high degree of mobility.

Although the toolboxes are mainly intended for storing and transporting high quality measuring instruments, they can also be used as normal toolboxes.

We can supply the toolboxes in 2 different sizes:

Systainer I,	Hako part number 03502290
External dimensions H x W x D:	105 x 396 x 296 mm
Internal dimensions H x W x D:	75 x 383 x 273 mm
Colour:	RAL 7016, anthracite
Price:	€ 57.50 (discount group 03) plus VAT.

Tanos Systainer II: Hako part number 03502300
External dimensions, H x W x D: 157.5 x 396 x 296 mm
Internal dimensions, H x W x D: 127.5 x 383 x 267 mm
Colour: RAL 7016, anthracite
Price: € 61.00 (discount group 03) plus VAT.

Both toolboxes are supplied with foam rubber mats for the floor and lid.

Toolboxes in other dimensions or with other inserts can be ordered from Tanos directly. Toolboxes ordered directly have no Hako logo

If you are interested or have any queries, please contact:

Barbara Kögl
Tel.: 0731 / 970 76 – 17
Fax: 0731 / 970 76 22 17
E-mail: bkoegl@tanos.de

Detailed information on other toolboxes and tool inserts is available in the Enclosure or from info@Tanos.de and www.Tanos.de.

After completing the clearance sale of existing stocks of toolboxes, we will only supply measuring instruments and toolkits in these new toolboxes.

Best regards

Hako-Werke GmbH

TANOS

systainer®
T-LOC

The next
systainer® generation

We've got the right [T]urn: one-handed!

A brilliant idea with a wide range of advantages.

The central element is the T-Loc catch, which enables a complete operation using only one hand and one [T]urn: Lock, open and connect.

Stackable and linkable.

That's our motto! The T-Loc catch will convince you in no time in everyday use. Fast linking of individual units saves time and a lot of walking! The systainer® T-Loc towers can be carried by a single handle and thus offer a high degree of mobility. Click into the snap-in position at the back and turn the T-Loc catch, that's it!

Keep it simple – make it better!

With the T-Loc system we are setting new benchmarks in innovation, design and functionality in maintained, high quality: 100% ABS*, sturdy and impact-resistant, dust and splashwater-proof.

Lock, open and connect with only one turn and using only one hand.

Opening when linked.

Innovative labelling.

Of course compatible with our established systainer® Classic Line.

Additional front handle available.

art n° 80000063 (without picture)

Drawer for lockable systainer® strongbox

art n° 80000064

Service

We will work together with you to find a suitable solution for your individual needs and take over planning, sample construction and mounting, if desired.

Design

With an individual choice of colours for body and lid, handle and catch you can adapt the appearance of your systainer® T-Loc to your corporate design.

Print

Your company logo or a publicity slogan can be printed on all four sides of the systainer® T-Loc body and on the lid – even in colour print. The minimum quantity is only 50 systainer® T-Loc per size. Printing of the catch is possible from a minimum quantity of 250 pieces.

Labelling

We have special labelling sets available for you as accessories. Different design suggestions can be downloaded under www.TANOS.de.

Colours

Besides two basic colours (light grey and anthracite) you have a choice of other standard colours.

Due to different colour combinations of the catch and the handle, you can create your individual systainer® T-Loc.

- RAL 7035, light grey
- RAL 7016, anthracite
- RAL 9004, black
- RAL 1007, daffodil yellow
- RAL 2011, deep orange
- RAL 3002, carmine red
- RAL 5015, sky blue
- RAL 5003, sapphire blue
- RAL 6001, emerald green
- HKS 54 K, signal green
- RAL 9016, white
